DISCLAIMER

- This document contains certain forward-looking statements that reflect Poste Italiane's management's current views with respect to future events and financial and operational performance of the Company and of the Company's Group.
- These forward-looking statements are made as of the date of this document and are based on current expectations, reasonable assumptions and projections about future events and are therefore subject to risks and uncertainties. Actual future results and performance may indeed differ materially from what is expressed or implied in this presentation, due to any number of different factors, many of which are beyond the ability of Poste Italiane to foresee, control or estimate precisely, including, but not limited to, changes in the legislative and regulatory framework, market developments, price fluctuations and other risks and uncertainties, such as, for instance, risks deriving from the recent Covid-19 pandemic and from the restrictive measures taken by each Country to face it.
- Forward-looking statements contained herein are not a guarantee of future performance and you are therefore cautioned not to place undue reliance thereon.
- This document does not constitute a recommendation regarding the securities of the Company; it does not contain an offer to buy or a solicitation of any offer to buy any securities issued by Poste Italiane or any of its Group companies or other forms of financial assets, products or services.
- Except as may be required by applicable law, Poste Italiane has no intention nor is under any obligation to update or revise any forward-looking statements contained herein to reflect events or circumstances after the date of this presentation.
- Pursuant to art. 154- BIS, par.2, of the Consolidated Financial Bill of February 24, 1998, the executive (Dirigente Preposto) in charge of preparing the corporate accounting documents at Poste Italiane, Alessandro Del Gobbo, declares that the accounting information contained herein corresponds to document results and accounting books and records.
- This presentation includes summary financial information and should not be considered a substitute for Poste Italiane's full financial statements. Financial information relating to full year 2020 shown in this document refer to preliminary results.
- Numbers in the document may not add up only due to rounding.

DELIVER22 OPERATIONAL ACHIEVEMENTS

A customer centric business model

POSTE ITALIANE GROUP

THE MOST EFFECTIVE AND TRUSTED DISTRIBUTION NETWORK

MAIL & PARCEL Unrivalled distribution network

- Successful restructuring of mail network to exploit e-commerce opportunities
- Consolidating mail market to address ongoing mail decline

B2C Market share (r. #1) 36.7%

Market share in mail (r. #1) 89%

FINANCIAL & INSURANCE Comprehensive platform for all clients' financial needs

- A controlled open platform for savings, insurance and investment products to meet evolving customers' financial needs
- Optimised customer and sales coverage with 8k financial advisors and 30k tellers

Life insurance market share (r. #1) 14.7%

Total financial assets €569bn

PAYMENTS & MOBILE Unique digital ecosystem

- Key player in the Italian payments market
- Distinctive platform integrating payments and telco

Cards issued (r. #1) 28.9M

Digital wallets (r. #1) 7.4M

Market share e-commerce transactions (r. #1) c.25%

Figures as of December, 2020

ESG STRATEGY – POSITIVE IMPACT ON ALL STAKEHOLDERS

Dynamic strategy, following the evolution of our stakeholders

Support for local communities and the country

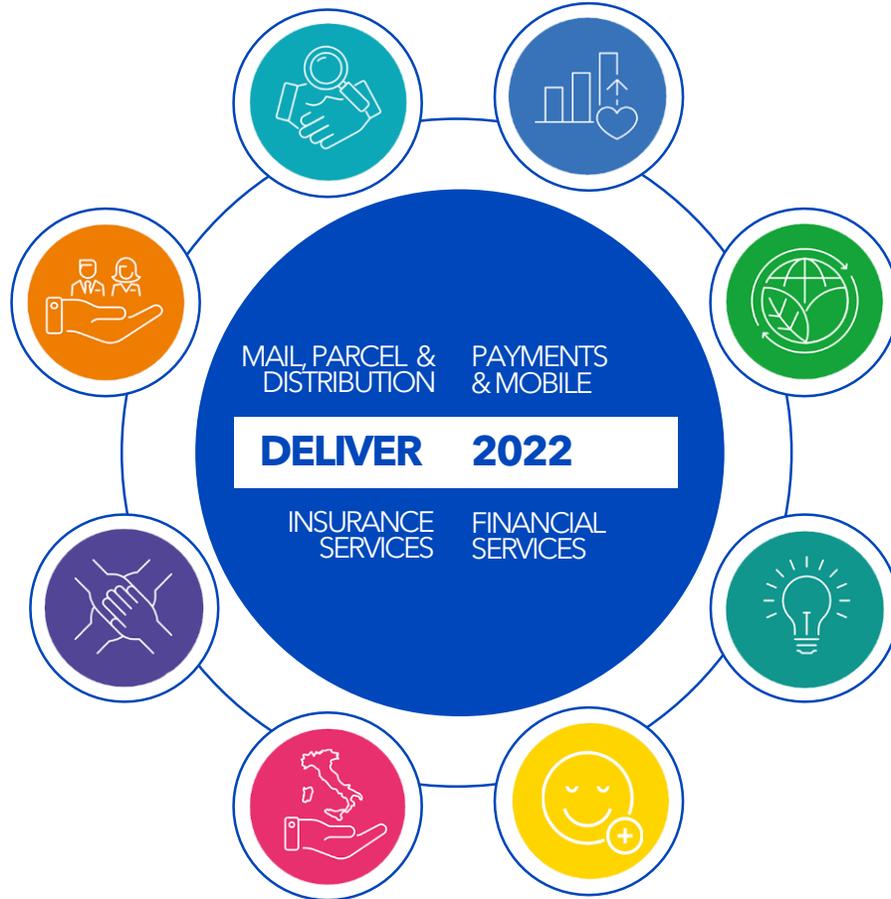

- Key service provider for COVID-19 vaccine platform potentially contributing to about 35% of Italian population vaccination
- Over 1.5bn PPE items and c. 2m vaccine doses delivered

Equal opportunities & people development

- 5.9m training hours in 2020 of which over 90% delivered remotely
- 200k free Covid-19 tests for employees

Customer protection and satisfaction

- 33m queries resolved (+38% vs 2018) by Customer Service
- 82% customer satisfaction¹

Integrated compliance and risk management

- Development of an ESG model rating suppliers

Real estate & logistics reduced emissions

- 95% of electricity from renewables
- KPMG 'True Value' model to assess the environmental impacts of strategic projects

ESG criteria integrated within traditional investment processes

- ESG policy adopted by BancoPostaFondi, PosteVita and third party asset managers
- BancoPostaFondi and PosteVita carbon footprint score ahead of benchmark²

1. Based on the results of "Customer Experience" surveys; 2. Source: Vigeo Italia, as at Dec-20, Energy Transition score 50/100 for BancoPostaFondi and 51/100 for PosteVita versus 40/100 for MSCI World ETF shares

STRATEGY ROLL-OUT

GROUPWIDE OMNICHANNEL STRATEGY

Mail & Parcel

Fully-fledged logistics player for a sustainable business, accelerating shift towards growing parcel market

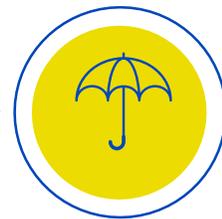

- Logistics network evolution
- Leverage on B2C market leadership
- Growth in C2X and B2B markets

Financial Services

Italy's most trusted financial institution, leveraging on an omnichannel approach

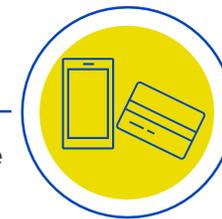

- Promote a diversified asset allocation
- Enhance an omnichannel customers approach
- Integration of protection and wealth management

Insurance Services

Fully-fledged insurance company

- Life business at the core of group wealth management
- Profitable growth in P&C
- Lead the way in ESG and reducing underinsurance in Italy

Payments & Mobile

Digital disruption - combining payments, telco and energy

- Strengthen leadership in digital payments
- New telco offers, both in mobile and fixed lines
- Energy services from 2022, leveraging on market liberalisation and customers' trust

SUSTAINABILITY

EMERGING BUSINESS TRENDS

Poised to seize arising business opportunities

Green mobility fleet

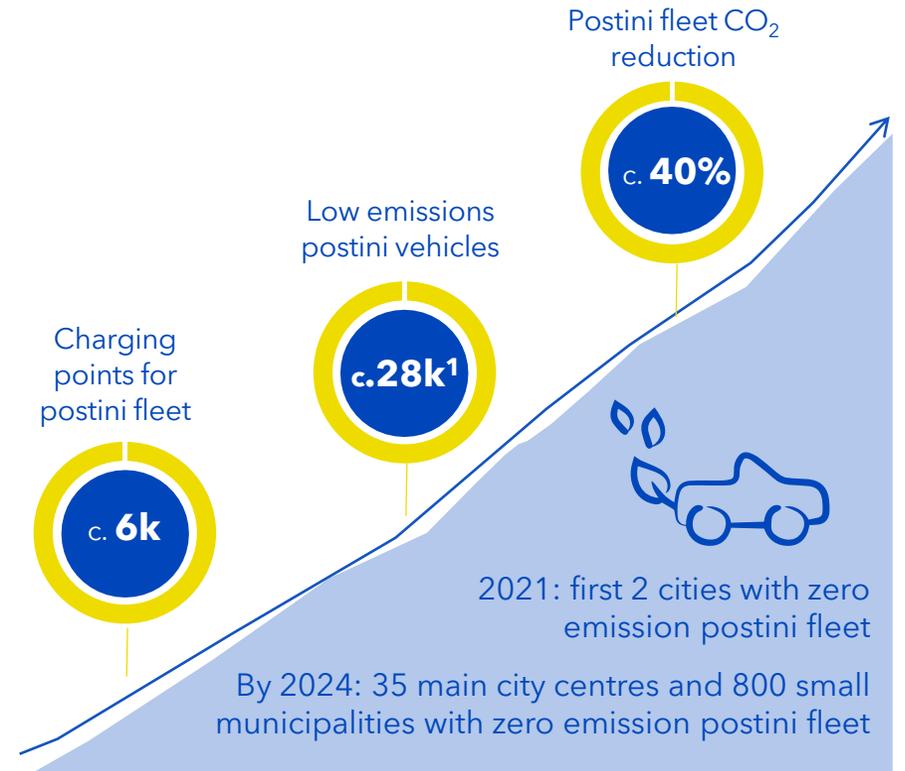

Fleet renewal

- Introducing fully electric and hybrid vehicles
- Installing a dedicated charging infrastructure for electric vehicles
- New vehicles designed and developed in line with parcel delivery needs

1. o/w 13k Electric and hybrid

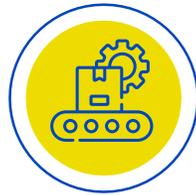

Key Metrics

LOGISTICS NETWORK EVOLUTION

Integrated operating model

-  Existing assets
-  New assets

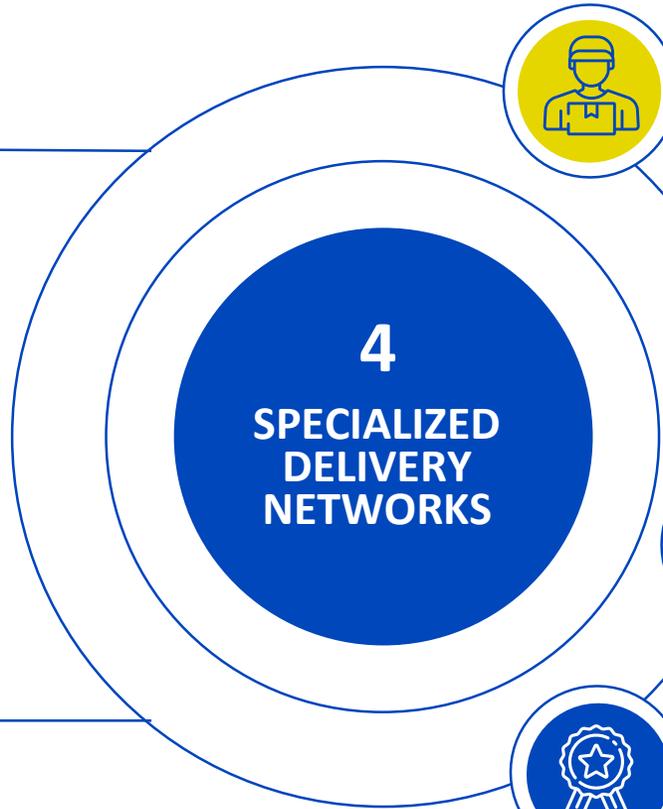

Centralised sorting activity

- To channel parcel and mail into the most appropriate delivery network

One ground network and one air cargo network

- For line-haul

"Postini" network

- Mail and small parcels

Posteitaliane

Partner network

- Registered mail and parcels

Express courier network

- Medium/heavy weight parcels
- Warehousing integrated logistics

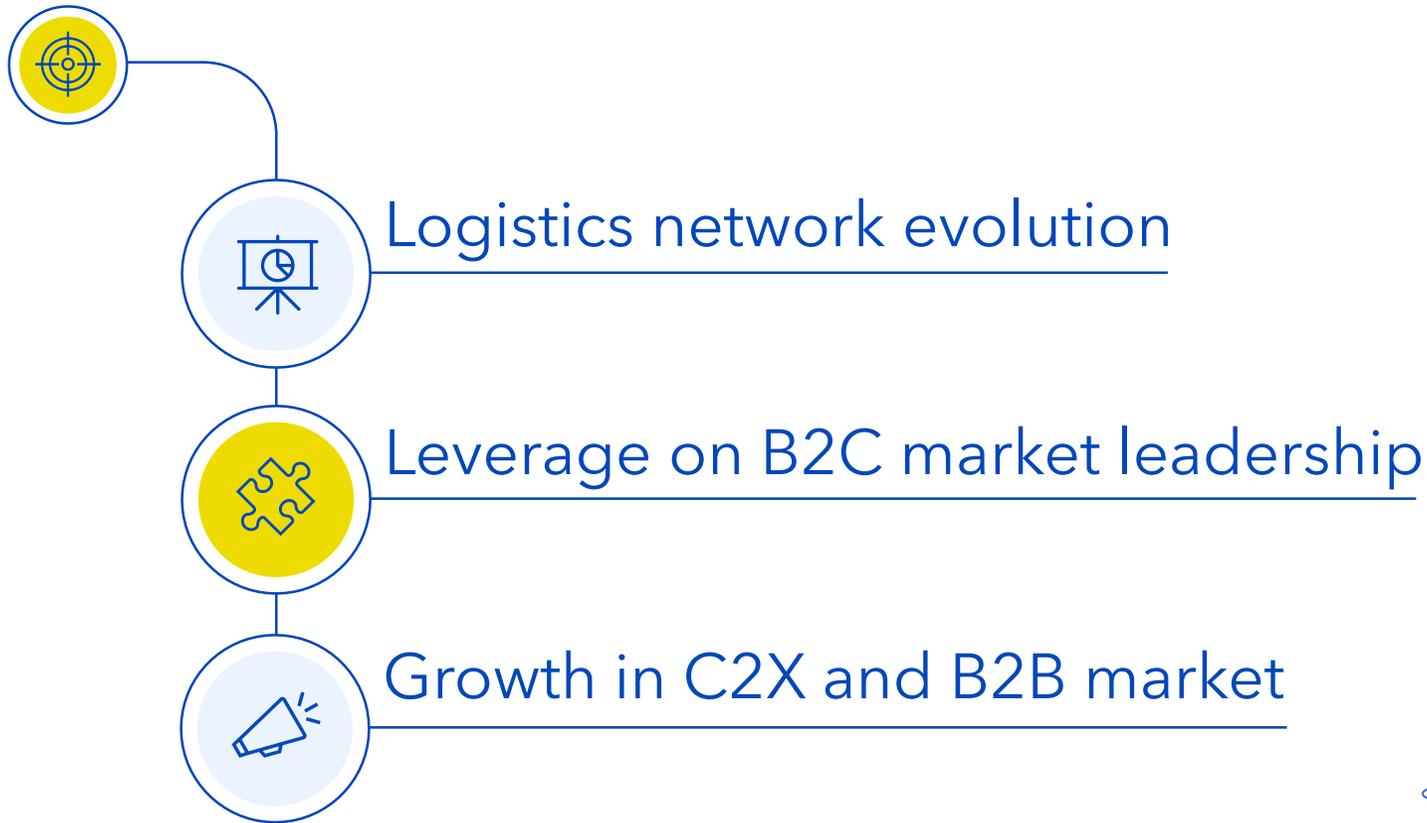

High value-added services network

- Same day/scheduled delivery

FULLY-FLEDGED LOGISTIC PLAYER FOR A SUSTAINABLE BUSINESS

LOGISTICS NETWORK EVOLUTION

Key merchants

Amazon

- Partnership based on Poste's solid service level and unrivalled network coverage
- 3 years contract renewed¹

Zalando

- Increasing volumes leveraging on Punto Poste network (100% share of wallet on returns)²
- Service excellence, strengthening fashion segment penetration

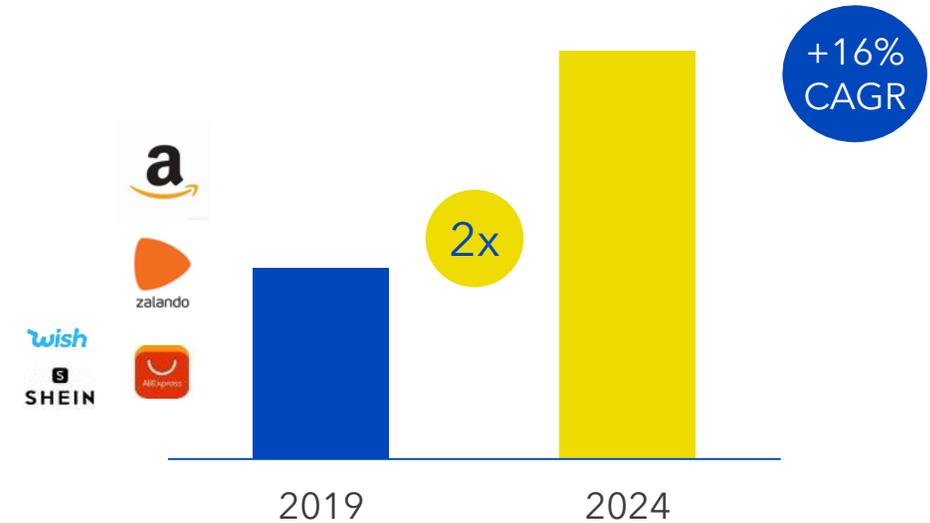

Chinese merchants

- Best cost-to-quality ratio leveraging on Joint Delivery Model
- Higher market penetration thanks to direct local presence (Sengi Express)

1. Starting from January 2021 2. On Zalando's direct returns

Key merchant revenues

Base 100 in 2019

LEVERAGE ON B2C MARKET LEADERSHIP

Sengi Express acquisition

Cross border e-commerce from China

- China represents c. 37% of global cross-border e-commerce worldwide

Agreement highlights

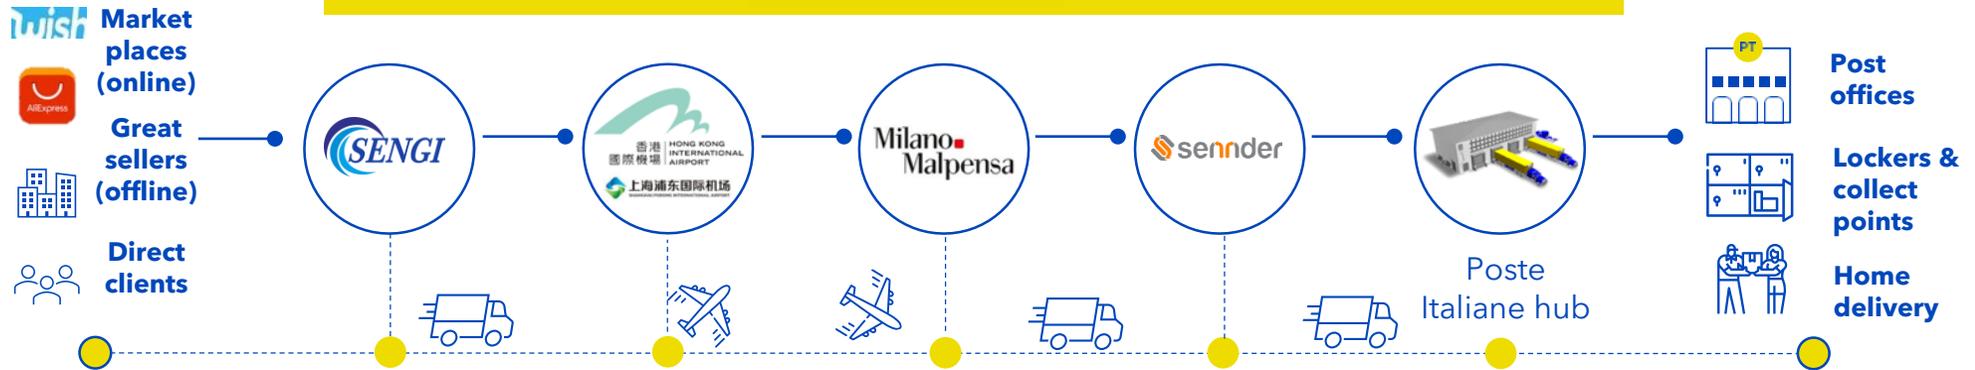

- Poste Italiane acquired 51% of Sengi Express, market leader in the provision of cross-border logistics solutions for Chinese e-commerce merchants
- Sengi Express to offer full logistic chain services in China, with real time full tracking

Strategic goals

- Control of the entire value chain through advanced end-to-end tracking technologies
- Increase profitability of inbound business through vertical integration
- Launch geographical diversification of Poste Italiane's business

Tracking provided by Posteitaliane along the entire logistic chain

LEVERAGE ON B2C MARKET LEADERSHIP

Comprehensive offer to widen customer base

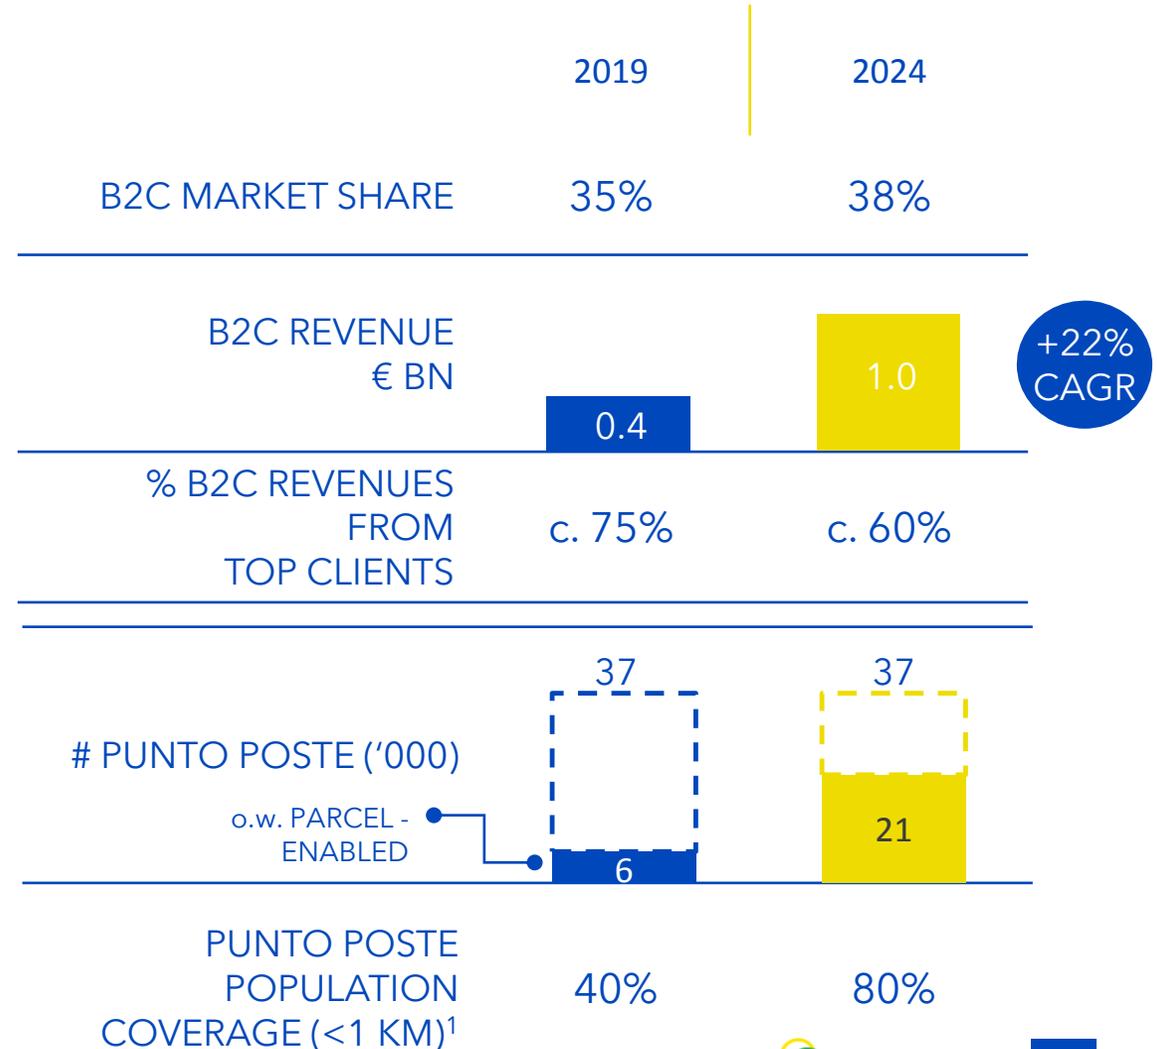

B2C last mile

- New advanced delivery options orders:
 - Scheduled delivery improvement by reducing delivery time slots (from 4 hours to 30 minutes)
 - Instant delivery (< 90 minutes), for local2local market and specific industries (e.g. pharma)

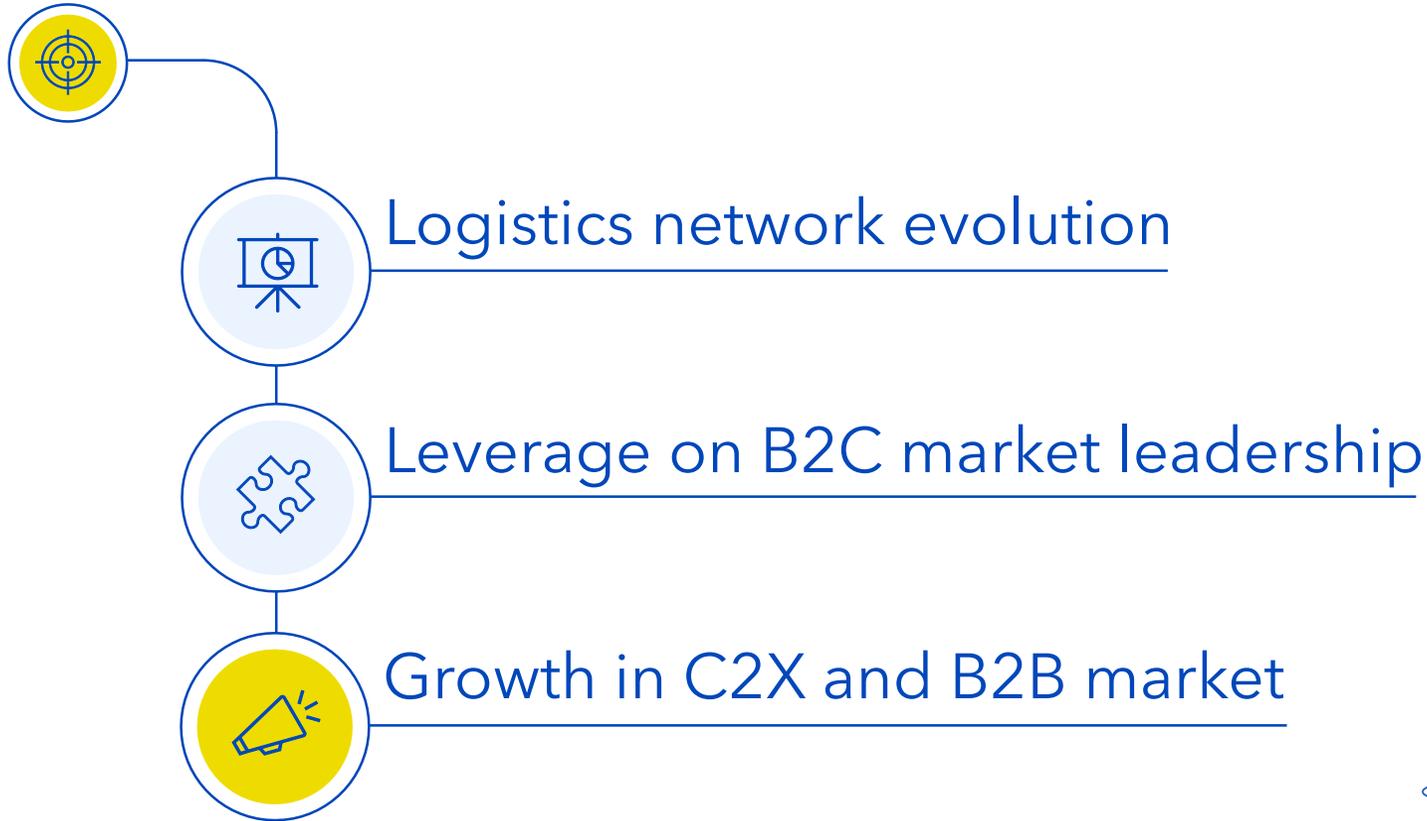

Further growth of Punto Poste network

- Largest network of proximity logistics services (80% within 1 km proximity by 2024)
- Focus on excellence in e-shopper experience

1. Of the population within 1 Km of a Punto Poste

FULLY-FLEDGED LOGISTIC PLAYER FOR A SUSTAINABLE BUSINESS

GROWTH IN C2X AND B2B MARKET

C2X: new offer model with focus on advanced user experience

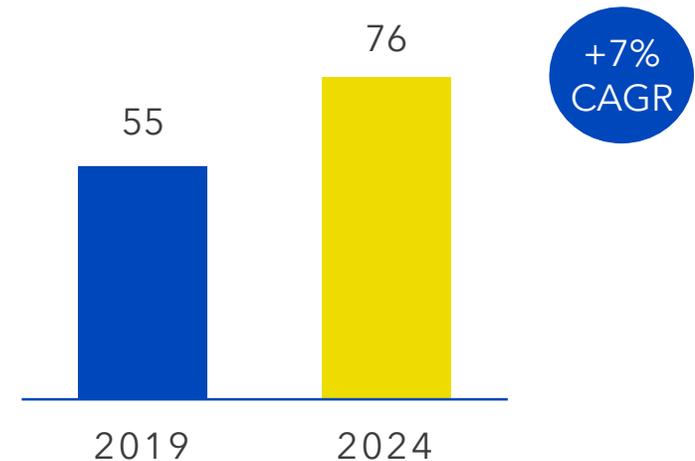

New offer model

- Continuous improvement of user experience:
 - Paperless:
 - Shipments via QR code from post offices and Punto Poste Network
 - Paperless home pick-up
 - Instant delivery for online local2local shipping
- Omnichannel experience: excellent user experience between physical and digital channels
- Strengthening social value
- Proximity: post office services expansion to the Punto Poste network

C2C revenue

€ m

Market share	2019	2024
	41%	57%

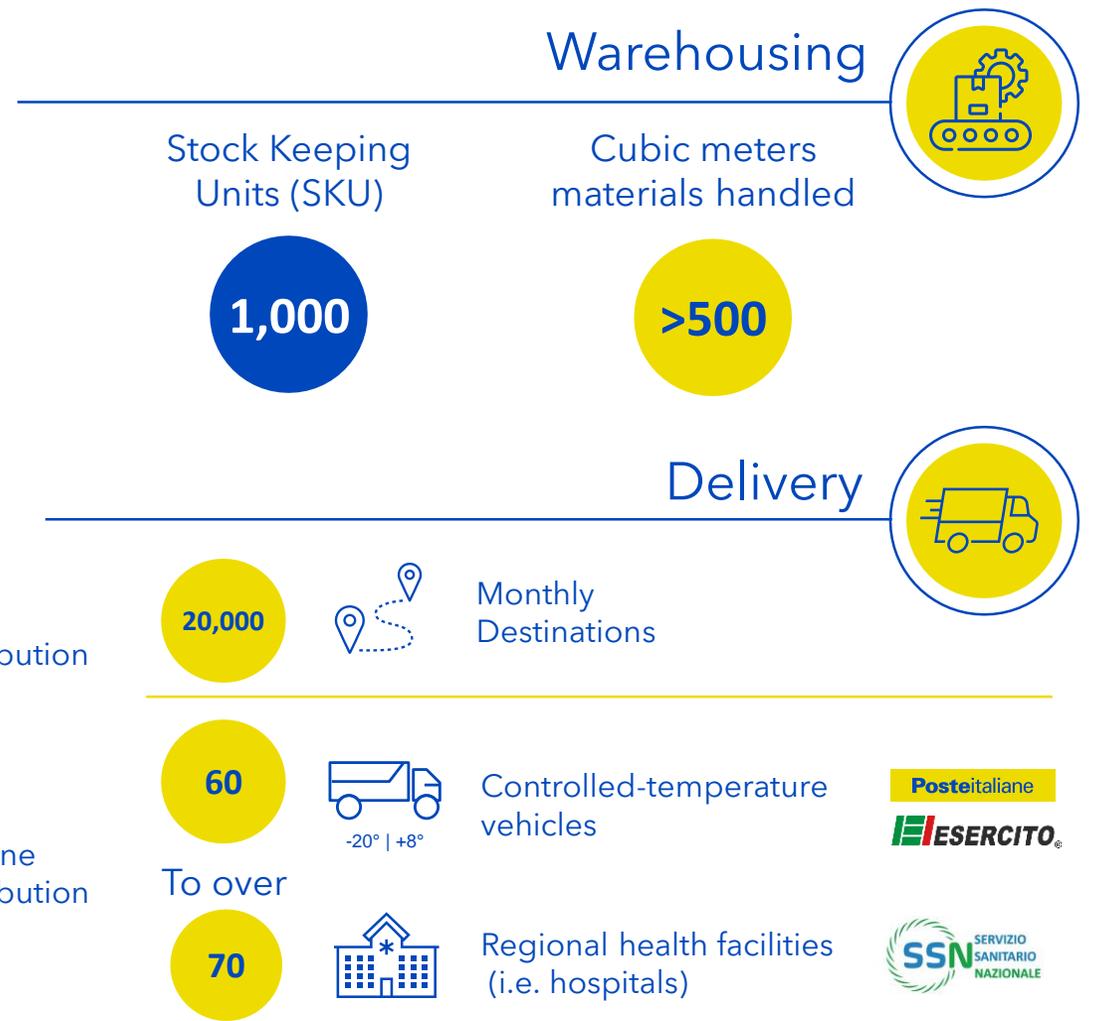

GROWTH IN C2X AND B2B MARKET

Emergency logistics support during the pandemic

Combining warehousing and delivery

- Design and implementation of fast solutions to provide logistic support during emergency:
 - Storage for personal protection equipment (PPE) and delivery to schools (>1.5 bn)
 - Supporting Italian Army in vaccine distribution from national HUB to regional health facilities (c. 2m doses and > 5m injection kits)
 - Developing vaccine tracking and tracing along the chain

GROWTH IN C2X AND B2B MARKET

B2B: wider integrated services for customised industry offer

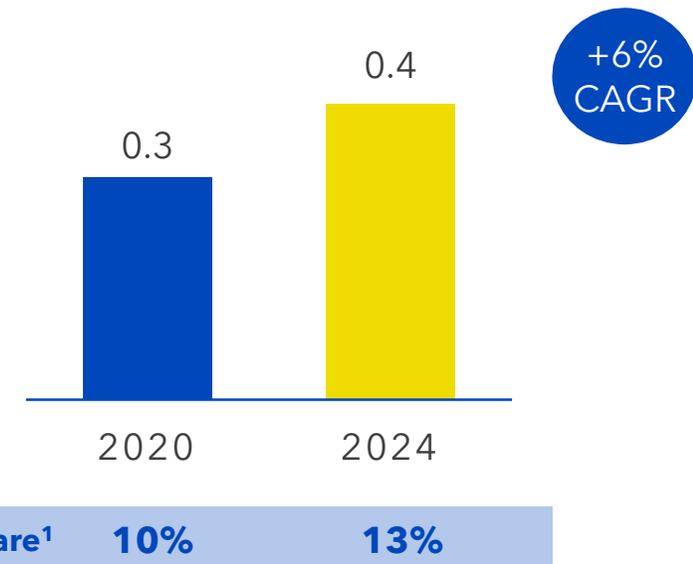

Strategy evolution

- Industry-specific tailored commercial strategy
- Offer development:
 - Customised offer
 - Ad-hoc logistic components for heavy and multi-layered shipments
 - Integrated advanced tracking technologies
 - Integrated warehousing and distribution solutions to improve end-to-end efficiency and competitiveness:
 - Progressive development of storage assets
 - Network transformation with focus on distribution capacity
 - End-to-end tracking technologies integrated along the entire value chain
- Yield management

MORE VOLUMES, BETTER QUALITY

Ambitious but achievable targets

Total Financial Assets¹

Stock, € bn

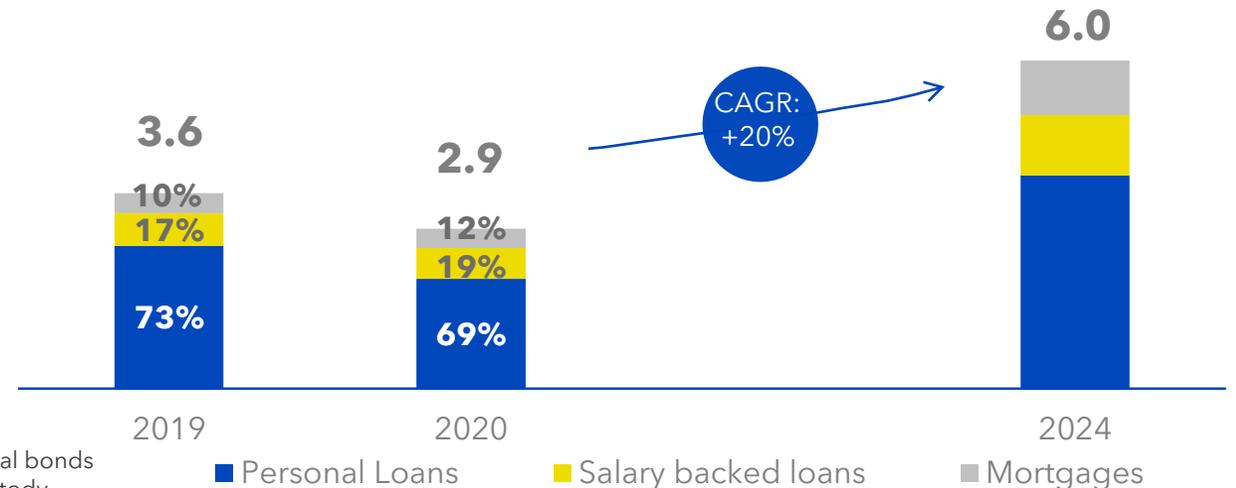

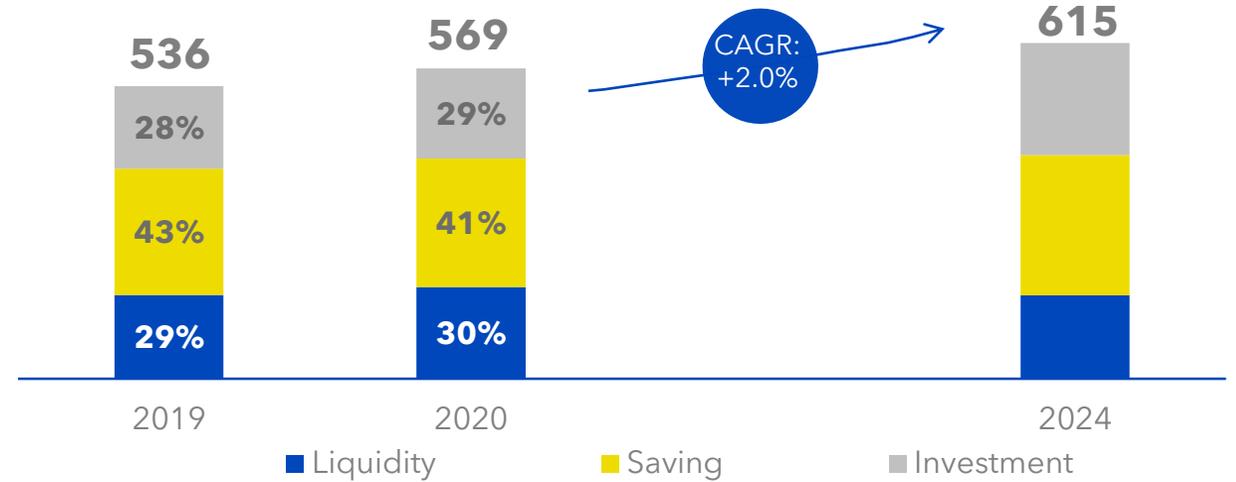

- Right product mix, in line with market environment
- Excess liquidity driving investments growth
- Proactive portfolio allocation to enhance risk/return profile
- Increase ESG investment products²

Loans and Mortgages

Yearly volumes, € bn

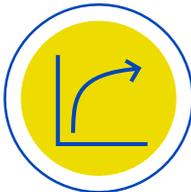

- Growing volumes with resilient margins thanks to controlled open architecture
- Driving salary and pension backed loans market development

1. Liquidity: deposits (not including Repo and Poste Italiane liquidity) and postal books; Saving: postal bonds and time deposit postal books; Investment: net technical reserves, mutual funds and asset under custody
 2. Mutual Funds with ESG benchmark from 12.4% in 2020 to >50% in 2022

BTP PORTFOLIO IN A LOW FOR LONG INTEREST RATES SCENARIO

Flexible investment strategy adapting to changing market conditions

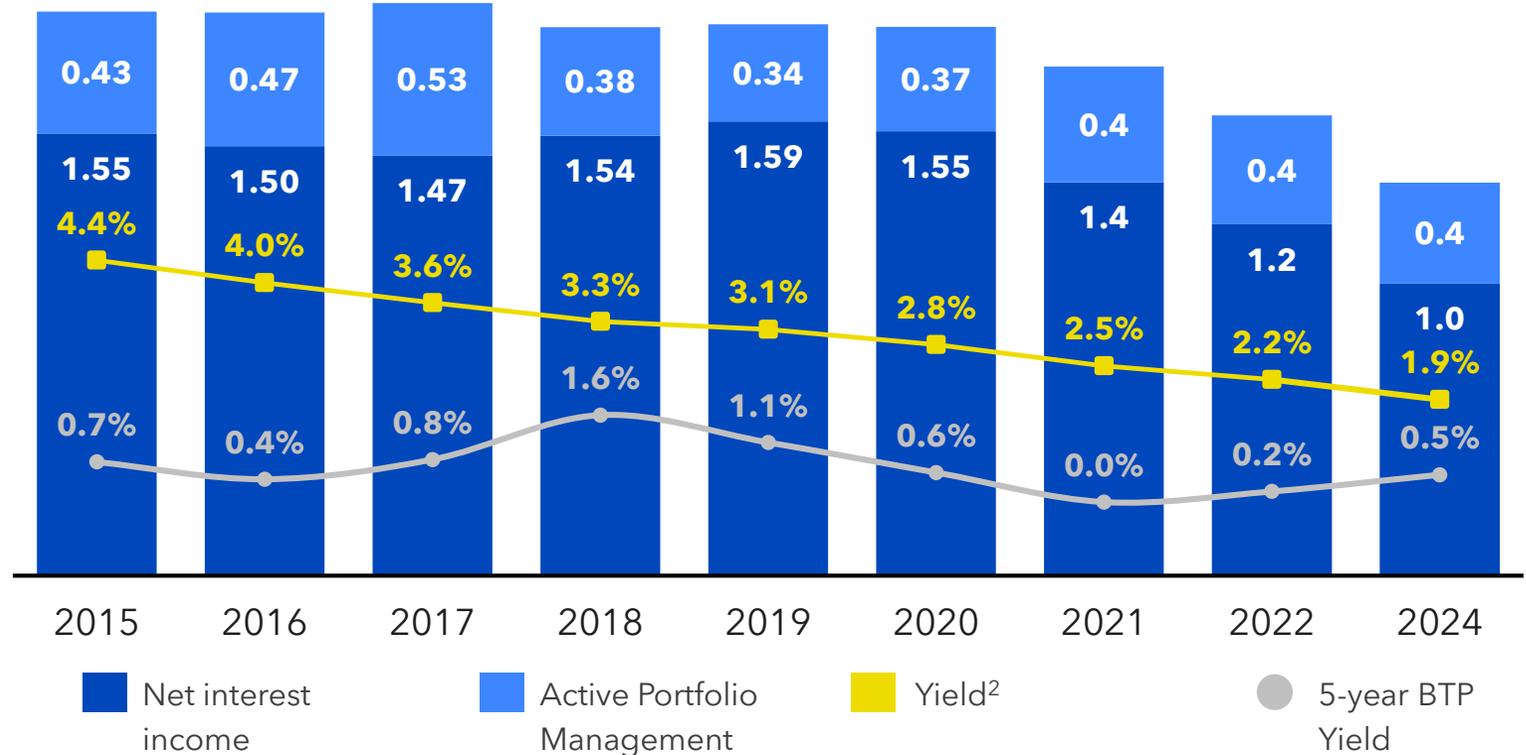

Revenues from investment activity

(€ bn)

Investment portfolio ¹	45.2	49.6	55.8	58.8	62.0	67.5	71.9	72.5	73.9
-----------------------------------	------	------	------	------	------	------	------	------	------

- Effective portfolio management ensuring yields above market
- Conservative assumptions on interest rates scenario based on current forward yield curve
- Great portfolio flexibility to adapt to market evolution

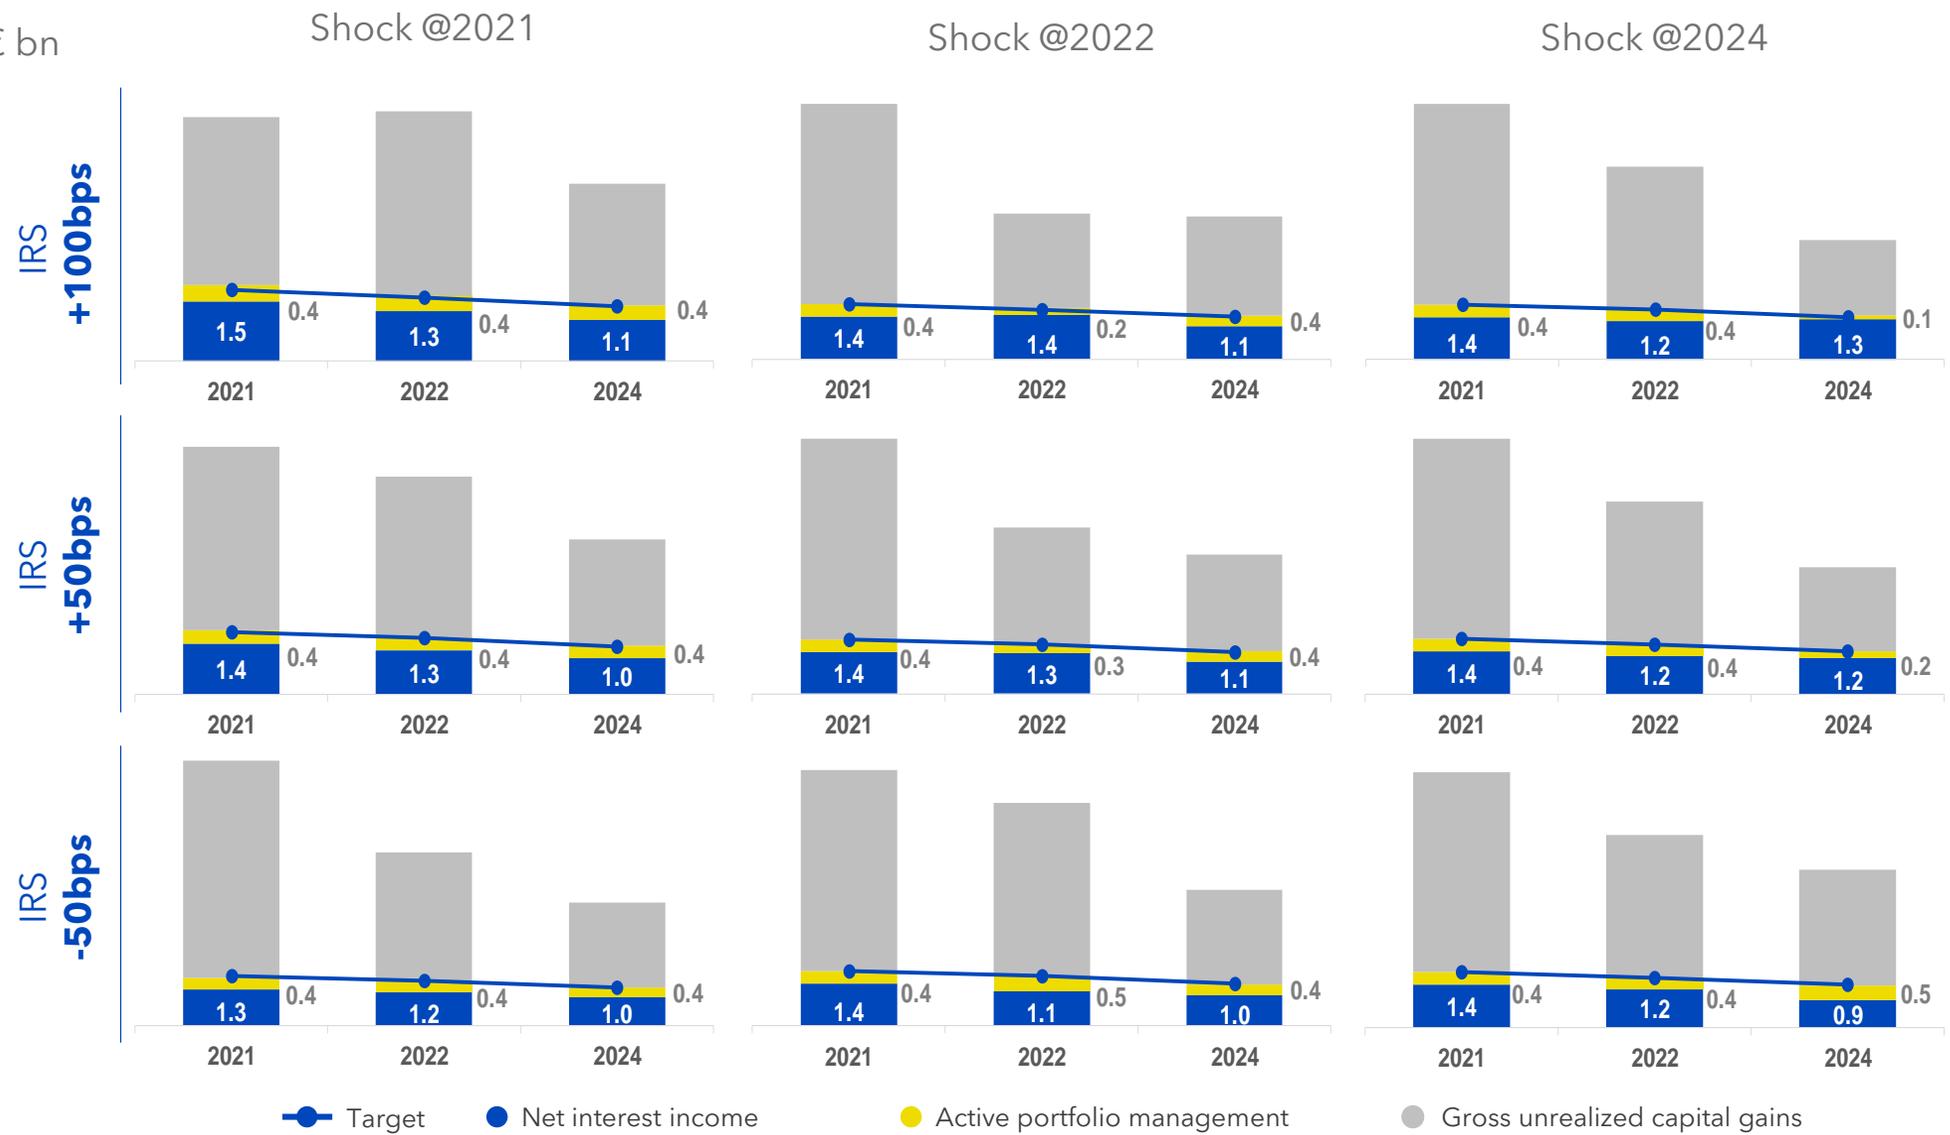

1. Annual average, includes Public Administration deposits with the Ministry of Economy and Finance 2. Return including the contribution from active portfolio management; calculated on average bond portfolio

SENSITIVITY ANALYSIS

Significant gross unrealized capital gains under all stressed scenarios

€ bn

- Sensitivity hypothesis: parallel shock to IRS curve to last one year
- No managerial actions assumed
- Revenue targets met under all scenarios

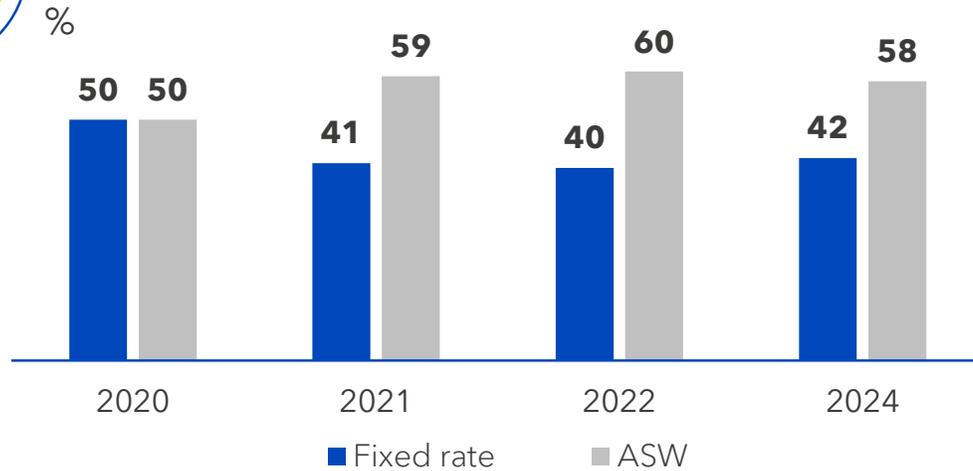

● Target ● Net interest income ● Active portfolio management ● Gross unrealized capital gains

INVESTMENT PORTFOLIO MANAGEMENT

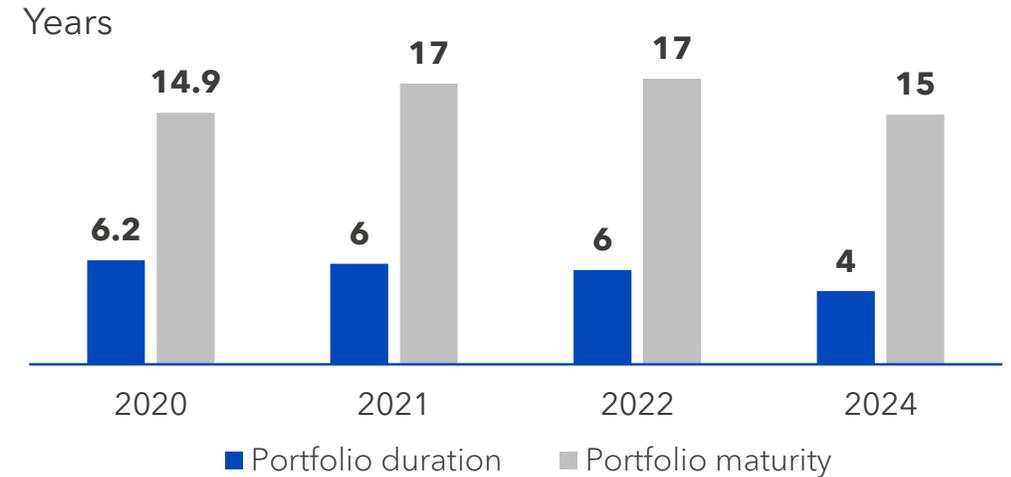

Material upside in a reflationary scenario

REFLATION SCENARIO

- **Short-term rates:** benefits from re-fixing of floating legs

- **Long-term rates:** benefits from asset swap hedges restructuring

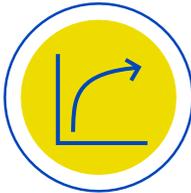

LOW RATES SCENARIO

- Significant gross unrealized capital gains to meet revenue targets

NEW POSTAL SAVINGS DISTRIBUTION AGREEMENT

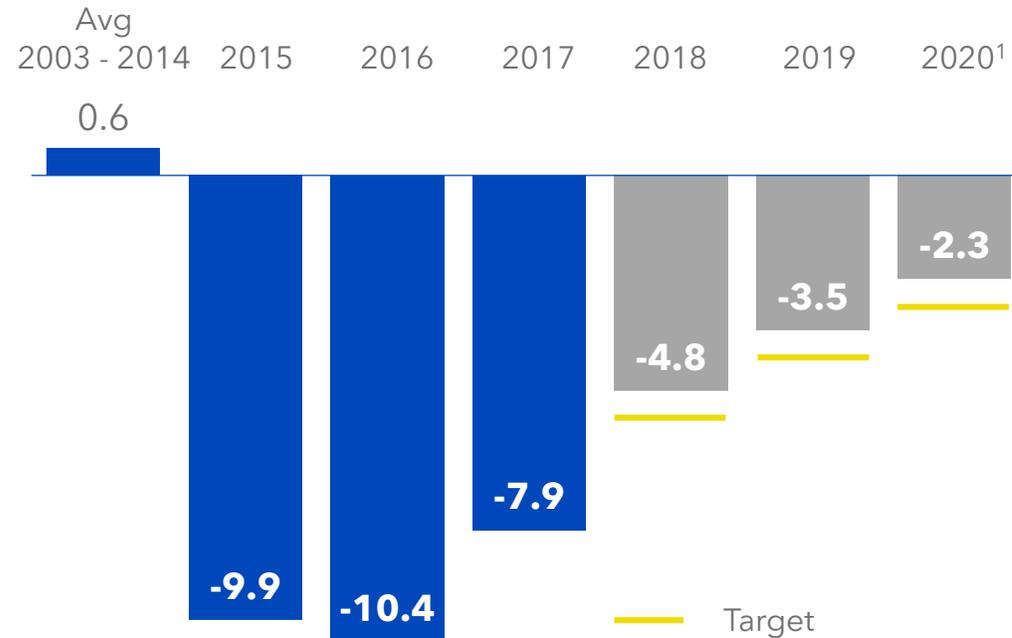

At the core of Poste's commercial strategy until 2024

Net inflows

(€ bn)

- Outstanding results achieved
- Postal savings confirming key role in Poste's financial offer
- Uniquely positioned in an uncertain interest rates development
- New agreement underway

1. Excluding early pension-payments effect; reported figures at -€0.6m

FINANCIAL TARGETS AND KPIs

Stable gross revenues despite conservative portfolio yield assumptions

POSTEPAY DRIVING GROUP'S OMNICHANNEL STRATEGY

From payments to value added services in Telco and Energy

ENTERING THE ENERGY MARKET

Arising business opportunities

Market enhancer

Promoting market maturity in order to be a trusted provider for the full market liberalization by 2023, providing a safe option to switch to the free market for more than 40% of retail customers

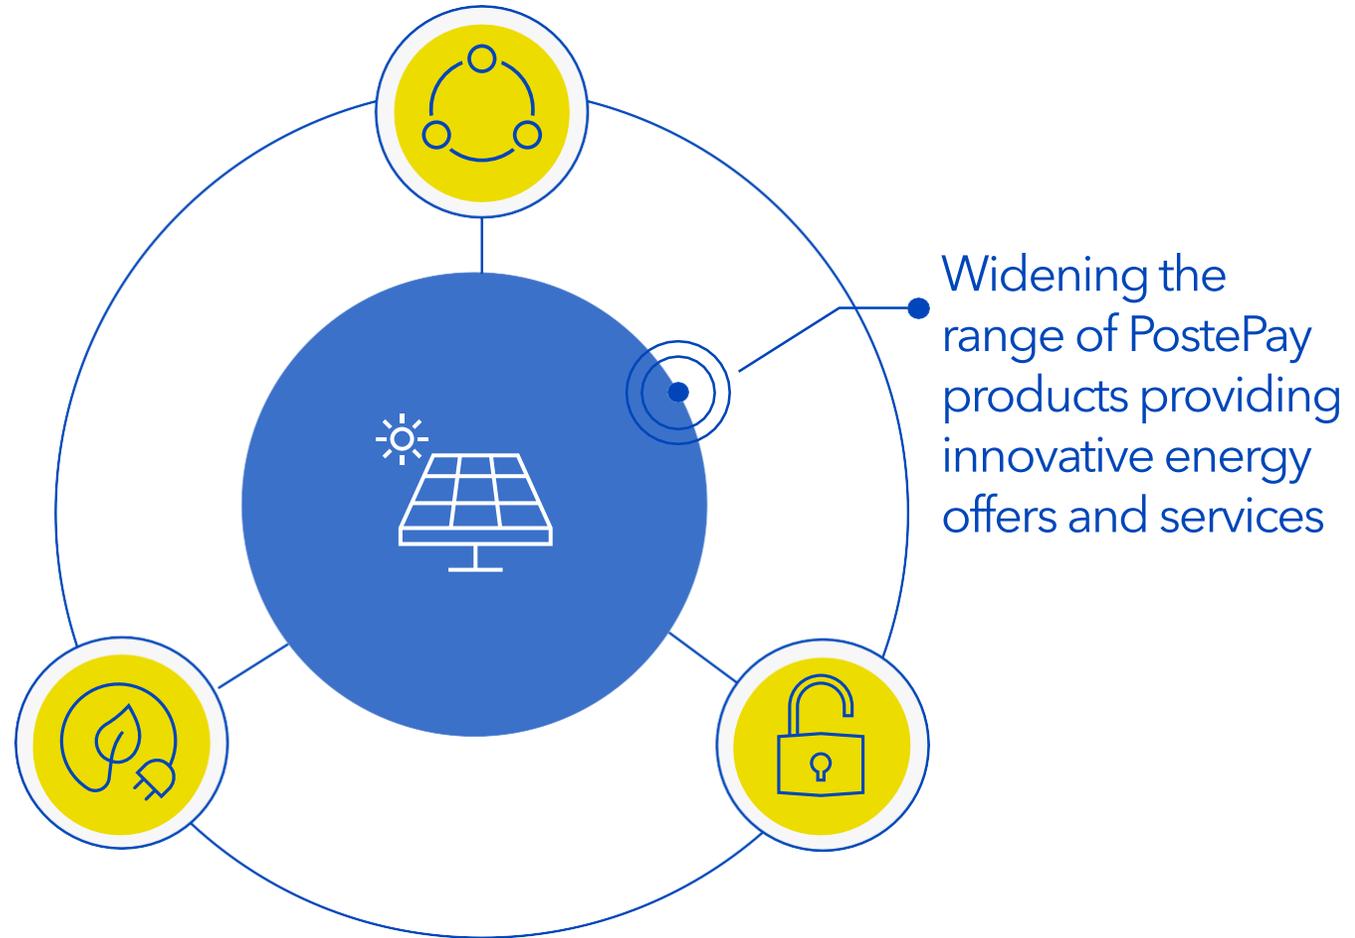

Multiservices

Expanding multiservices offering to retail customers (payments, financial services, telco)

Sustainability

Poste Italiane to play a leading role in energy transition and the green economy

PAYMENTS & MOBILE: STRATEGY TOWARDS 2024

Key drivers & main targets

PAYMENTS

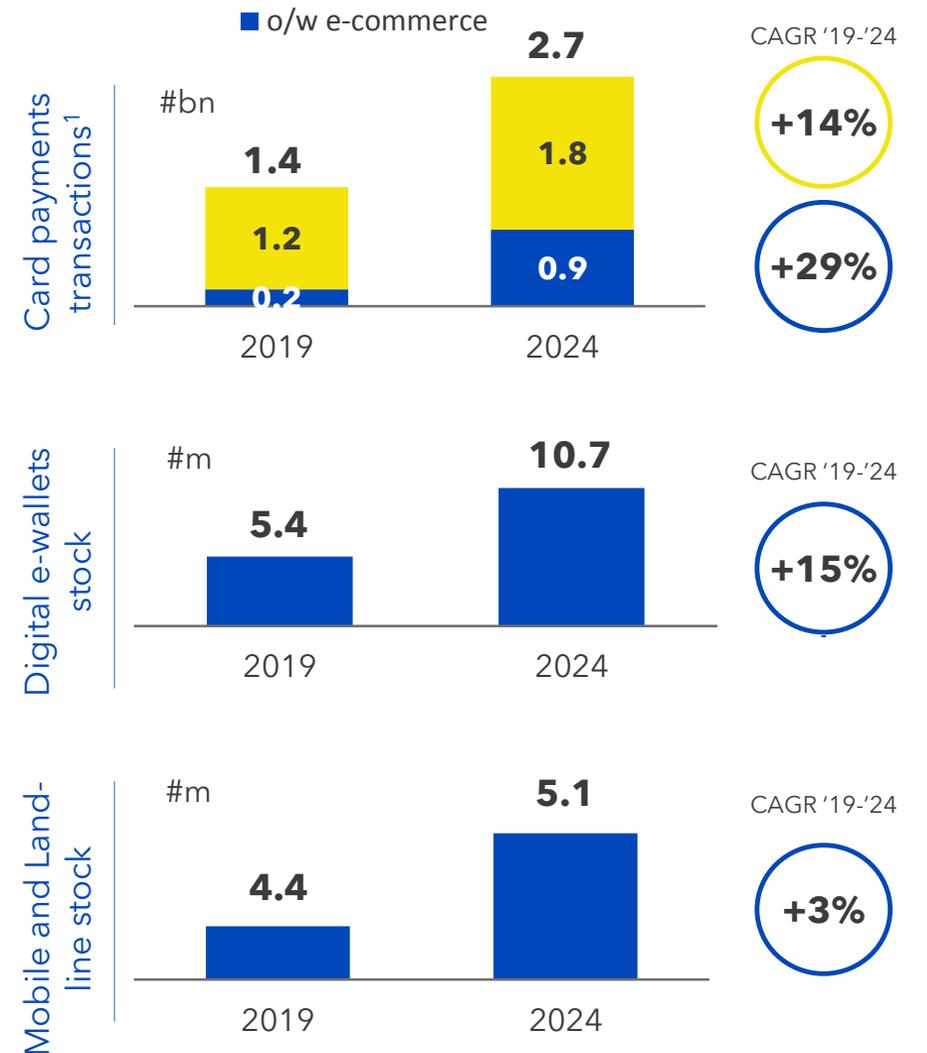

- Strengthen **digital offer** and enhance **digital customer engagement**
- Enlarge SME customer** base with an integrated offer
- Open **API architecture** driving **instant payments** and other **PSD2** use cases
- Enhance Postepay Connect framework** for multi-services offer
- Expand **cooperation with Bancomat** from acquiring to issuing and app to enlarge domestic payments arena

TELCO

- Strengthen **mobile market distinctive positioning** and increase **digital channel acquisitions**
- Enhance efficiency supported by new 5-year wholesale agreement with Vodafone**
- Expand addressable market both in the **Broadband offer** and in the innovative **Fibre offer** by Q2 21
- Advanced connectivity** solutions with a **"device strategy"**

1. Includes withdrawals and top-ups

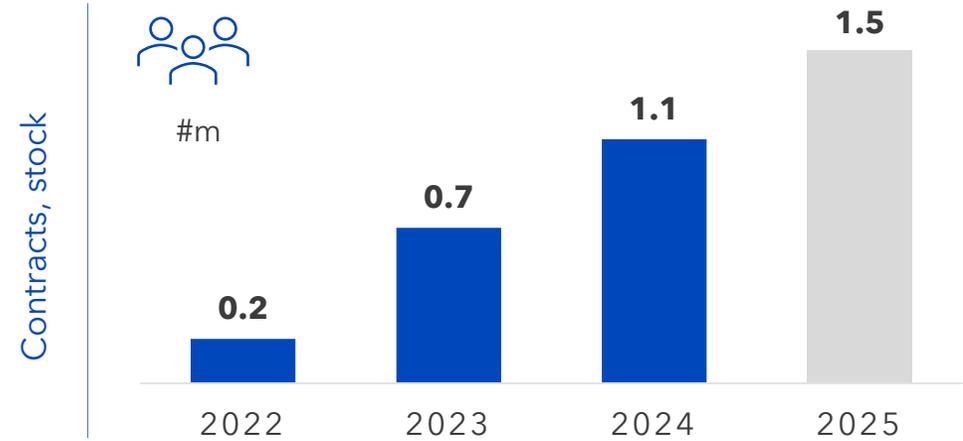

ENERGY: STRATEGY TOWARDS 2024

Key drivers & main targets

- New **Energy offers** both power and gas
- **100% Green**
- **Smart use of technology**
- Superior digital **customer experience** and **trusted proximity** through post offices network
- Strengthen relationship with customers: from transactional to relational approach

MAIL, PARCEL & DISTRIBUTION

Parcel business to become largest revenue contributor – sustainable business by 2025

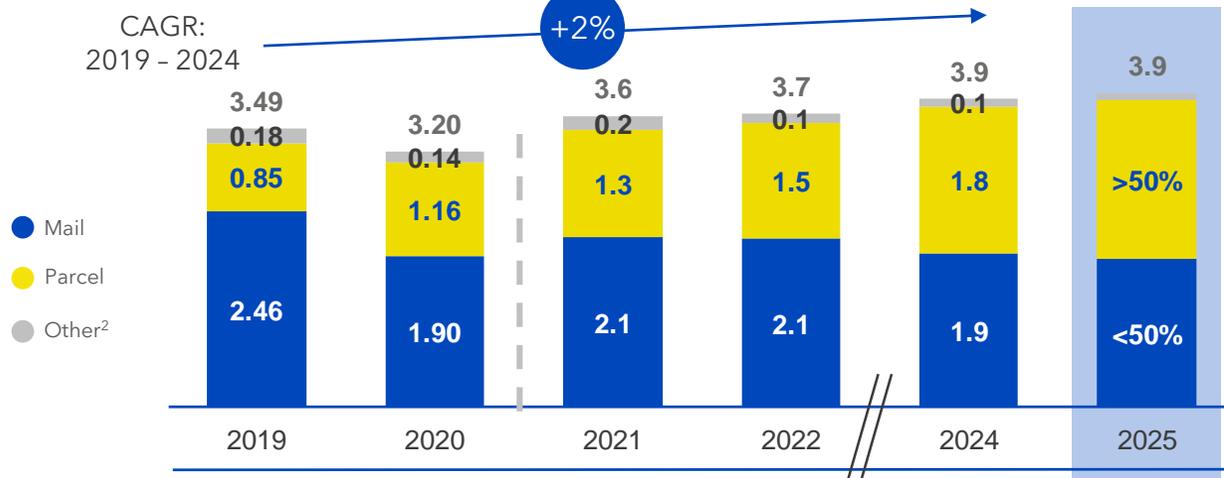

Segment revenues¹

(€ bn)

CAGR:
2019 - 2024

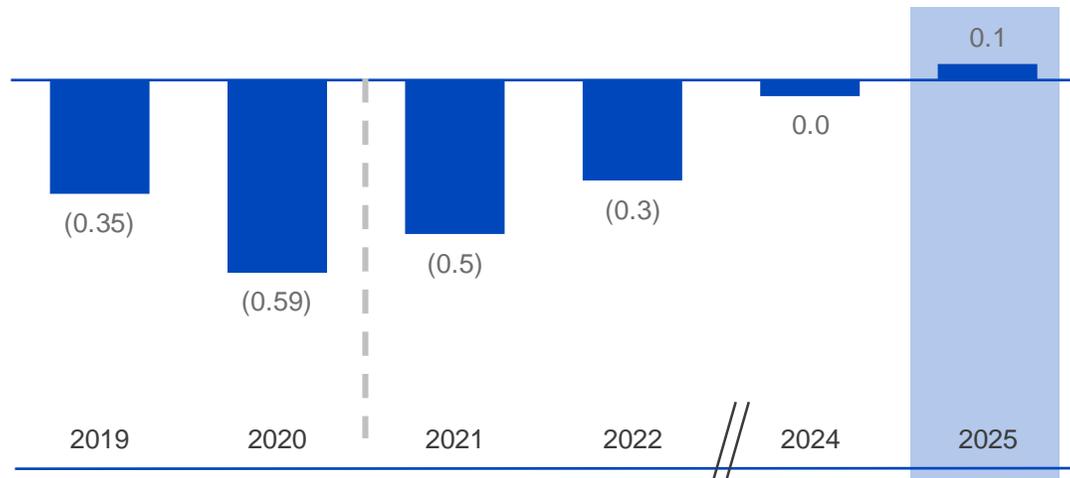

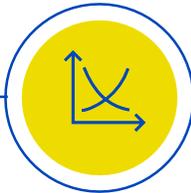

+2%

- Total revenues steadily increasing over the plan horizon
- Resilient mail revenues supported by Nexive consolidation
- Sustained parcel revenue growth across all product lines
- Parcel revenues >50%⁴ of revenues by 2025 (vs. 18%⁴ in 2016)
- Intercompany revenues up thanks to higher value added distributed products

EBIT¹

(€ bn)

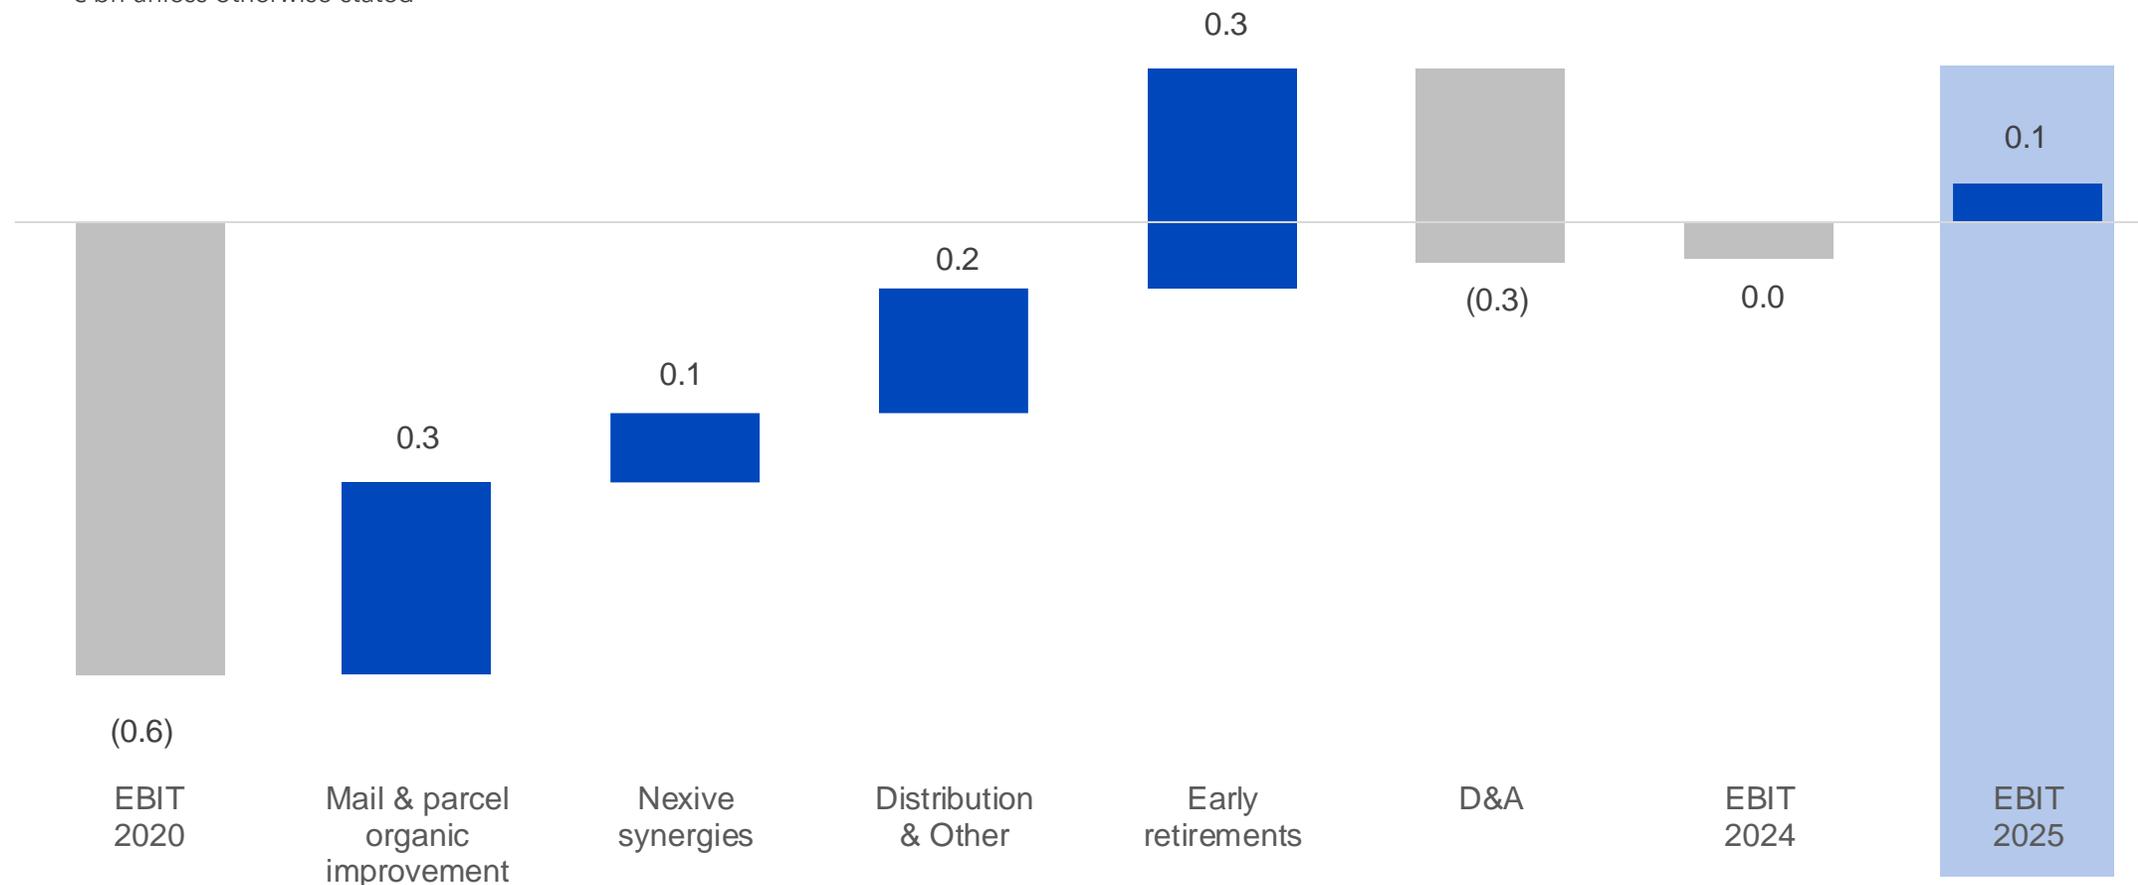

- Breakeven reached in 2024 – sustainable positive EBIT starting from 2025
- Nexive integration delivering 0.1bn running synergies, mostly by end 2022
- Continued streamlining across the entire logistic value chain
- Value-based strategy delivering higher parcel margins

1. 2019 reported and 2020 preliminary figures 2. Includes Philately, Patenti Via Poste, Poste Motori, Poste Air Cargo and other revenues 3. Includes income received by Other Segments in return for use of the distribution network and Corporate Services 4. Share of parcel revenues on total parcel and mail revenues

MAIL, PARCEL & DISTRIBUTION – EBIT EVOLUTION

Breakeven by 2024 supported by successful turnaround

€ bn unless otherwise stated

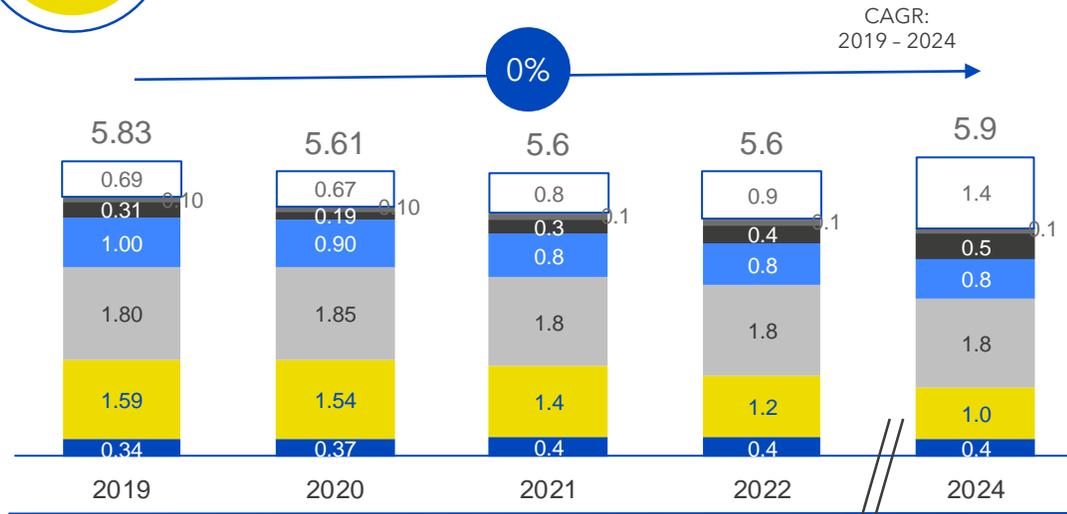

FINANCIAL SERVICES

Resilient top line despite reduced net interest income in a low interest rate scenario

Gross revenues¹

(€ bn)

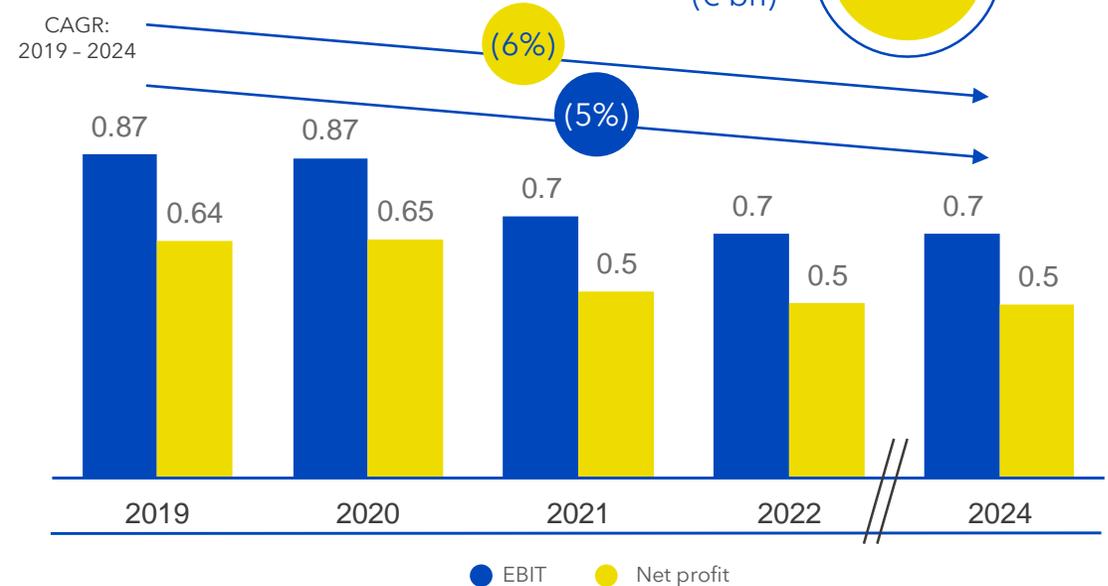

- Active portfolio management
- Net interest income
- Postal savings
- Transaction banking²
- Loan & mortgage distribution³
- Asset management
- Intersegment distribution revenues

- Enhanced distribution successfully addressing interest rates headwinds
- Investment portfolio contribution impacted by NII in a conservatively low interest rates scenario, mitigated by effective portfolio management
- Postal savings distribution fees broadly stable
- Loan & mortgage fees supported by market trends & renewed strategic focus

EBIT and net profit

(€ bn)

- EBIT reflecting higher intersegment costs, consistent with enhanced distribution network service model

2020 Preliminary figures **1**. Figures include intersegment distribution revenues **2**. Includes revenues from payment slips (*bollettino*), banking accounts revenues, fees from INPS and money transfers, Postamat **3**. Includes reported revenues from custody accounts, credit cards, other revenues from third party products distribution

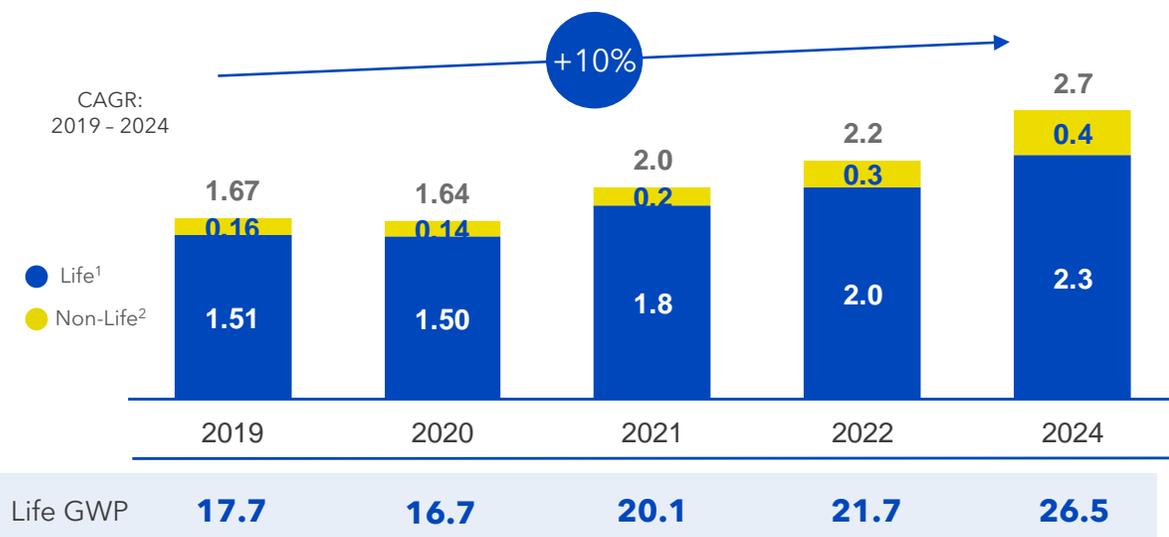

INSURANCE SERVICES

Complete product offering driving top line growth

Segment revenues

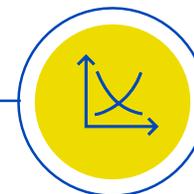

(€ bn)

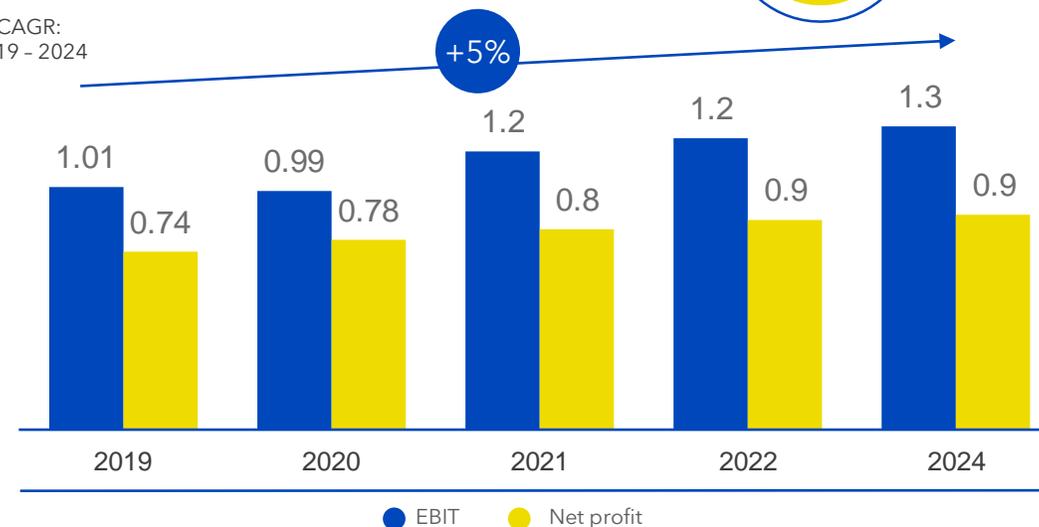

- Revenues up via enhanced product offer - new advisory model combining life & P&C
- Continued life revenue growth driven by multiclass products and new capital light offer
- Comprehensive P&C offer (including motor) leading to 2x revenues over the plan horizon, contributing to revenue diversification

EBIT and net profit

(€ bn)

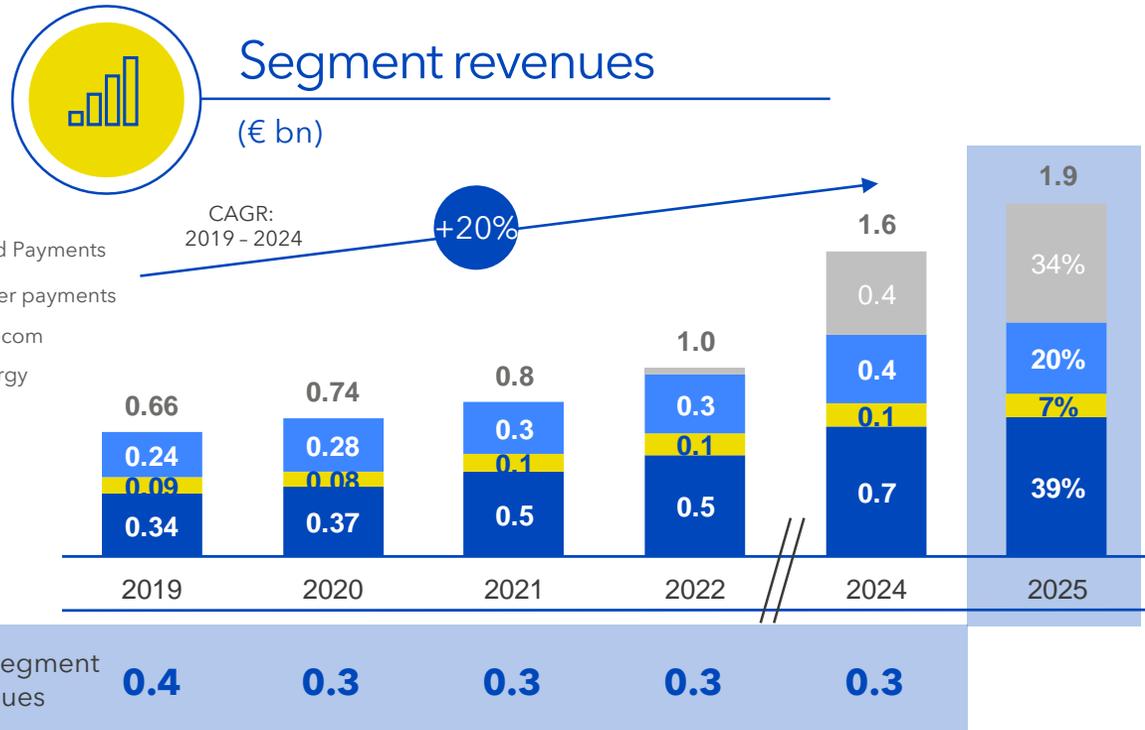

CAGR: 2019 - 2024

- EBIT up, outpacing higher distribution costs required by higher value added managed life insurance products distributed by the network

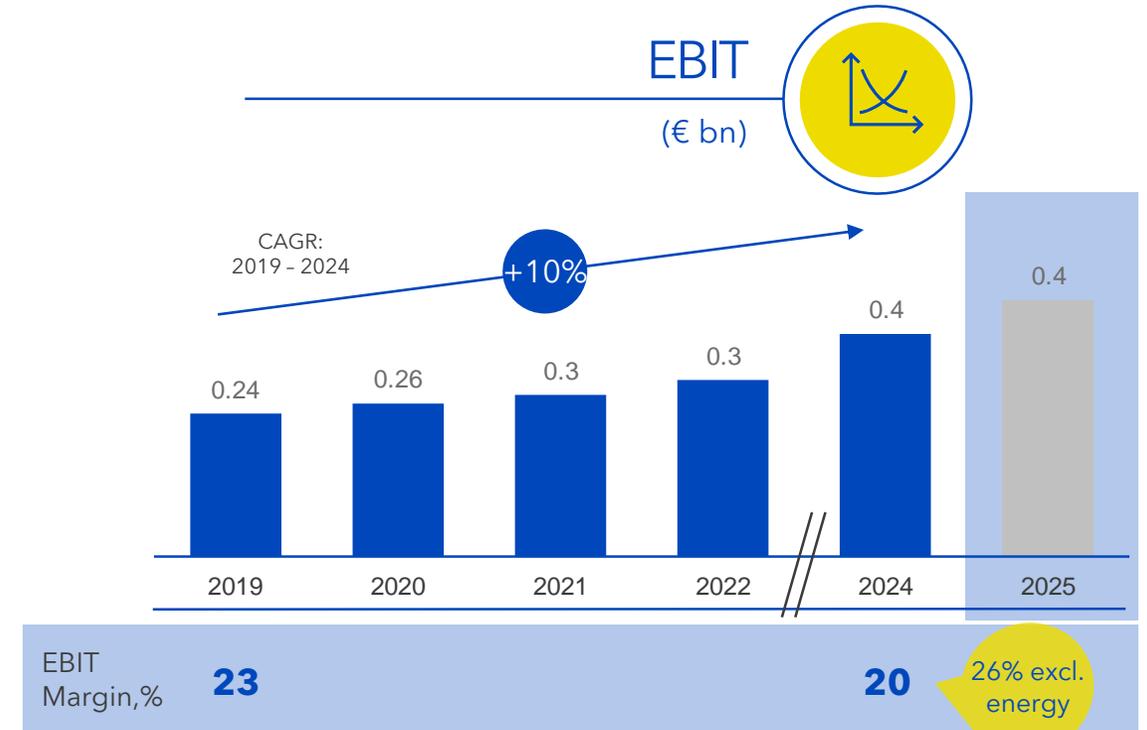

PAYMENTS & MOBILE

Omnichannel platform driving strong profitability increase

- Double digit organic revenue growth supported by all product lines
- Payments revenues 2x over the plan thanks to enhanced leadership in digital payments
- Telco revenues up thanks to wider customer base supported by new fibre offer
- Entering energy market leveraging on customers' trust and unrivalled omnichannel network

2020 Preliminary figures

- Strong EBIT growth, more than offsetting the structural decline in payment slips and energy business start up costs
- Variable costs increase driven by volume growth at lower costs per unit
- Energy business contributing to positive EBIT from 2024/2025

CONTENTS
